

Do I need an ID card?

An ID Card, or Member Vision Card, isn't required for you to receive services or care. Simply call a VSP network doctor to schedule an appointment and tell them you're a VSP member. The doctor and VSP handle the rest!

If you wish to have a card, you can access your Member Vision Card under the "Benefits & Claims" section of vsp.com. The card is a summary of your benefits and includes information to help you easily manage your vision benefits.

How do I verify my eligibility and plan coverage?

[Register](#) on vsp.com to:

- View your coverage, including eligibility and copayment information
- Find a VSP doctor near you
- See details of previous VSP doctor visits and savings (when applicable)
- Get instructions on how to use your benefit

Am I responsible for a copay when I visit my VSP network doctor?

Yes, if your group's VSP plan includes a copay, you will need to pay it to your doctor during your visit. Copays typically apply to both you and the dependents covered under your VSP plan. To access your copay information, [log in](#) to your vsp.com account. Then select "Benefits with VSP Network Doctors" from the left navigation.

What are some examples of out-of-pocket expenses I might incur when purchasing glasses?

When you visit a VSP network doctor, you'll have access to a wide selection of frames as well as lens enhancements. Examples of out of pocket expenses include:

- Scratch-resistant coating
- Anti-reflective coating
- Ultraviolet (UV) protection
- Progressive lenses
- Blended bifocal lenses
- Most tinted and photochromic lenses
- Any frame valued at more than your plan's allowance

You may be eligible to receive extra savings on some of these items, so [log in](#) to your vsp.com account and check your plan information for details.

Am I limited to the kind of frames I can choose?

Your VSP frame benefit offers you the freedom to choose from a wide selection of frames that complement your lifestyle. If you choose a frame exceeding your plan allowance, you'll be responsible for paying the overage in addition to any applicable copays at the time of your visit.

Can I choose contact lenses instead of glasses?

Yes, if your group's VSP plan has coverage for contact lenses. If you choose contacts, you may not be eligible to receive any frame and lenses during the same service period. To find out if your plan allows this, [log in](#) to your vsp.com account. Then select "Benefits with VSP Network Doctors" from the left navigation.

The VSP Global Premier Program is intended to help VSP members maximize their vision care benefits. The Premier indicator is not meant as a designation of care quality as all of our doctors already meet VSP's high quality standards for professional services.

* Advanced eye exam technology may not be available at all Premier Program participants.

Searching for a doctor doesn't guarantee your eligibility or coverage. VSP doctors will contact VSP to check your eligibility. If there's a conflict between this information and your organization's contract with VSP, the terms of the contract prevail.

All VSP doctors must provide access to emergency services 24 hours a day, seven days a week and cannot discriminate against the hearing impaired, developmentally challenged and/or physically challenged.

FIND ADDITIONAL PROVIDERS

Your employer or health plan has approved additional providers, but they have not been credentialed by VSP and are not VSP network providers. VSP cannot guarantee satisfaction with the services you may obtain from these providers.
