## Independent Auditor's Report on Annual Financial Report

Board of Education  
Eastland Community Unit School District No. 308  
Carroll County, Illinois

### **Report on the Financial Statements**

We have audited the accompanying financial statements of Eastland Community Unit School District No. 308, as of and for the fiscal year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's financial statements as listed in the table of contents of this Annual Financial Report form.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Illinois State Board of Education. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As described more fully in Note 1, the financial statements are prepared by Eastland Community Unit School District No. 308 on the cash basis of financial reporting as prescribed or permitted by the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to comply with the requirements of the Illinois State Board of Education. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to in the first paragraph do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Eastland Community Unit School District No. 308, as of June 30, 2013, or the changes in its financial position for the year then ended.

***Opinion on Regulatory Basis of Accounting***

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the assets and liabilities arising from cash transactions of Eastland Community Unit School District No. 308 as of June 30, 2013, and their respective revenue received and expenditures disbursed, for the year then ended, on the basis of the financial reporting provisions of the Illinois State Board of Education as described in Note 1.

***Other Matters***

***Supplemental Schedules and Other Information***

Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The information provided on pages 2 through 4, supplementary schedules on pages 23 through 26, statistical section on pages 27 through 29 and the itemization schedule on page 33, Schedule of Funding Progress relative to the Illinois Municipal Retirement Fund, and Schedules for Trust and Agency Funds are presented for purposes of additional analysis and is not a required part of the financial statements of Eastland Community Unit School District No. 308. Such information, except for the average daily attendance figure, included in the computation of operating expense per pupil on page 28 and per capita tuition charges on page 29 and the Schedule of Funding Progress relative to the Illinois Municipal Retirement Fund, is the responsibility of management and has been derived from and relate directly to the underlying accounting and other records used to prepare the financial

statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

The information on pages 28-30 is propagated from information in the audited financial statements, but we take no responsibility for the accuracy of those calculations. The Report on Shared Services or Outsourcing on page 31 contains unaudited information concerning prior, current and future year expenditures which was provided by the District. The Administrative Cost Worksheet on page 32 contains unaudited information concerning the current year budget which was provided by the District. The actual expenditure information on page 32 is fairly stated in all material respects in relation to the financial statements taken as a whole.

The average daily attendance figure, included in the computation of operating expense per pupil on page 28 and per capita tuition charges on page 29, and the Schedule of Funding Progress relative to the Illinois Municipal Retirement Fund, have not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

The Table of Contents references a Federal Compliance Section on pages 37-46; however this District was not required to have a Single Audit and this section has not been completed.

#### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 19, 2013, on our consideration of Eastland Community Unit School District No. 308's internal control over financial reporting and our tests of its compliance with certain provision of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Eastland Community Unit School District No. 308's internal control over compliance.

Independent Auditor's Report on Internal Control Over Financial Reporting  
and on Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards*

Board of Education  
Eastland Community Unit School District No. 308  
Carroll County, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Eastland Community Unit School District No. 308 as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise Eastland Community Unit School District No. 308's financial statements, and have issued our report thereon dated October 19, 2013. Our opinion was adverse because the financial statements are not prepared in accordance with generally accepted accounting principles. However, the financial statements were found to be fairly stated, on the cash basis of accounting, in accordance with regulatory reporting requirements established by the Illinois State Board of Education, which is a comprehensive basis of accounting other than generally accepted accounting principles.

## **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Eastland Community Unit School District No. 308's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described below, that we consider to be significant deficiencies.

Material adjustments were required to record capital leases and capital outlay and to reclass Pre-K transportation expenses.

**Management's response:**

Management will review the general ledger periodically to identify possible misclassifications and proper recording of lease transactions.

We also noted certain other matters involving the internal control over financial reporting that we reported to management of Eastland Community Unit School District No. 308 in a separate letter dated October 19, 2013.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Eastland Community Unit School District No. 308's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of noncompliance that we reported to management of Eastland Community Unit School District No. 308 in a separate letter dated October 19, 2013.

**District's Response to Findings**

Eastland Community Unit School District No. 308's response to the findings identified in our audit is described previously. Eastland Community Unit School District No. 308's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suited for any other purpose.

Notes to Financial Statements

June 30, 2013

**(1) Summary of Significant Accounting Policies**

The District's accounting policies conform to the cash basis of accounting, as defined by the Illinois State Board of Education.

**(a) *Principals Used to Determine the Scope of the Reporting Entity***

The District's reporting entity includes the District's governing board and all related organizations for which the District exercises oversight responsibility.

The District has developed criteria to determine whether outside agencies with activities which benefit the citizens of the District, including joint agreements which serve pupils from numerous districts, should be included within its financial reporting entity. The criteria include, but are not limited to, whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

Joint agreements have been determined not to be part of the reporting entity after applying the manifesting of oversight, scope of public service and special financing relationships criteria, and, are therefore excluded from the accompanying financial statements because the District does not control the assets, operations or management of the joint agreements. In addition, the District is not aware of any entity which would exercise such oversight as to result in the District being considered a component unit of the entity.

**(b) *Basis of Presentation – Fund Accounting***

These financial statements comply with the regulatory basis of reporting as prescribed by the Illinois State Board of Education.

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities arising from cash transactions, fund balance, revenue received and expenditures paid. The District maintains individual funds required by the State of Illinois. These funds are presented on the regulatory basis

## Notes to Financial Statements

**(1) Summary of Significant Accounting Policies (Continued)**

as required for reports filed with the Illinois State Board of Education. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following fund types and account groups are used by the District:

Governmental Funds

Governmental funds are those through which most governmental functions of the District are financed. The acquisition, use and balances of the District's expendable financial resources and the related liabilities arising from cash transactions are accounted for through governmental funds.

*Educational Fund* – This fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

*Operations and Maintenance Fund* – This fund is also a general operating fund used to account for costs of maintaining school buildings.

*Debt Service Fund* – This fund is a debt retirement fund. Resources of this fund are used to retire principal and interest maturities of outstanding bond obligations and other long-term debt instruments.

*Transportation Fund* – This fund is a special revenue fund used to account for the costs of transporting pupils to and from school and school activities.

*Municipal Retirement/Social Security Fund* – This fund is a special revenue fund used to pay the District's share of municipal retirement benefits for covered employees. The District's share of Social Security and Medicare-only is also paid from this fund.

*Working Cash Fund* – The resources of this fund are held by the District to be used for temporary interfund loans to any fund of the District for which taxes are levied.

*Capital Projects Fund* – Proceeds of construction bond issues, the capital improvement tax levy, and if applicable, school facility occupation tax proceeds are accounted for in this fund.

*Tort Fund* – This fund is a special revenue fund used to account for tort immunity or tort judgment purposes.

Notes to Financial Statements

**(1) Summary of Significant Accounting Policies (Continued)**

*Fire Prevention and Safety Fund* – Proceeds of fire prevention and safety bond issues and tax levy are accounted for in this fund.

Fiduciary Funds

Fiduciary funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments or other funds.

*Agency Funds* – Agency funds include Student Activity Funds. Student Activity Funds are those that are owned, operated and managed generally for educational, recreational and cultural purposes by the student body under the guidance and direction of adults or a staff member. Although the Board of Education has the ultimate responsibility for Student Activity Funds, they are not local education funds.

Governmental Funds – Measurement Focus

The financial statements of all governmental funds focus on the measurement of spending or "financial flow" and the determination of changes in financial position rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources." Governmental fund operating statements present increases (cash receipts and other financing sources) and decreases (cash disbursements and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

General Fixed Assets and General Long-Term Debt Account Groups

The accounting and reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. Fixed assets used in governmental fund type operations are accounted for in the General Fixed Assets Account Group, rather than in governmental funds. Long-term liabilities expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group, not in the governmental funds.

The two account groups are not "funds." They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

Notes to Financial Statements

**(1) Summary of Significant Accounting Policies (Continued)**

**(c) *Basis of Accounting***

Basis of accounting refers to when revenue received and expenditures paid are recognized in the accounts and how they are reported on the financial statements. The District maintains its accounting records for all funds and account groups on the cash basis of accounting under guidelines prescribed by the Illinois State Board of Education. Accordingly, revenue is recognized and recorded in the accounts when cash is received. In the same manner, expenditures are recognized and recorded upon the disbursement of cash. Assets of a fund are only recorded when cash is received or when a right to receive cash exists which arises from a previous cash transaction. Liabilities of a fund, similarly, result from previous cash transactions.

Cash basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions.

Proceeds from sales of bonds are included as other financing sources in the appropriate fund on the date received. Related bond principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

**(d) *Budgets and Budgetary Accounting***

The budget for all Governmental Fund Types is prepared on the cash basis of accounting which is the same basis that is used in financial reporting. This allows for comparability between budget and actual amounts. This is an acceptable method in accordance with 105 ILCS 5/17-1. The budget, which was not amended, was passed on August 22, 2012. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

1. The Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on July 1. The operating budget includes proposed expenditures and the means of financing them.
2. A public hearing is held as to such budget prior to final action.
3. Prior to October 1, the budget is legally adopted through passage of a resolution.

Notes to Financial Statements

**(1) Summary of Significant Accounting Policies (Continued)**

4. Formal budgetary integration is employed as a management control device during the year.
5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
6. The Board of Education may amend the budget by the same procedures required of its original adoption.

**(e) Cash**

The District considers cash on hand, cash on deposit with banks and other institutions, certificates of deposit, money market accounts, and repurchase agreements to be cash for financial statement purposes.

**(f) Investments**

All investments are reported at fair value. The District has adopted a formal written investment policy. The institutions in which investments are made must be approved by the Board of Education.

**(g) Commingled Accounts**

The District uses common bank accounts to hold the monies of more than one fund. Interest earned on these common accounts is credited to each participating fund based on its approximate share of the account prior to the payment of interest.

**(h) General Fixed Assets**

General fixed assets with expected useful lives that exceed one year and cost more than \$2,500, are recorded as expenditures paid in the Governmental or Activity Funds and capitalized at cost in the general fixed assets account group.. All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated general fixed assets are stated at estimated fair market value as of the date of acquisition. Depreciation accounting is not considered applicable (except to determine the per capita tuition charge).

## Notes to Financial Statements

### (1) Summary of Significant Accounting Policies (Continued)

Depreciation is computed using the straight line method over estimated lives ranging from three to fifty years. Estimated lives are determined based on the policies prescribed by the Illinois State Board of Education.

### (2) Property Taxes

The District's property tax is levied each year on all taxable real property located in the District on or before the last Tuesday in December. The levy was passed by the board on December 19, 2012. Property taxes attach as an enforceable lien on property as of January 1 and are payable in two installments on approximately June 1 and September 1. The District receives significant distributions of tax receipts during July, August, September, October, and November. Taxes recorded in these financial statements are from the 2011, and prior tax levies.

**(5) Retirement Fund Commitments*****(a) Teachers' Retirement System of the State of Illinois***

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago.

The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The State of Illinois maintains the primary responsibility for funding the plan, but contributions from participating employers and members are also required. The TRS Board of Trustees is responsible for the system's administration.

TRS members include all active nonannuitants who are employed by a TRS-covered employer to provide services for which teacher certification is required. The active member contribution rate for the year ended June 30, 2013 was 9.4 percent of creditable earnings. The same contribution rate applies to members whose first contributing service is on or after January 1, 2011, the effective date

## Notes to Financial Statements

**(5) Retirement Fund Commitments (Continued)**

of the benefit changes contained in Public Act 96-0889. These contributions, which may be paid on behalf of employees by the employer, are submitted to TRS by the employer. The active member contribution rate was also 9.4 percent for the years ended June 30, 2012 and June 30, 2011.

The State of Illinois makes contributions directly to TRS on behalf of the District's TRS-covered employees.

- **On-behalf contributions to TRS.**

The State of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2013, State of Illinois contributions were based on 28.05 percent of creditable earnings not paid from federal funds, and the District recognized revenue and expenditures of \$998,496 in pension contributions that the State of Illinois paid directly to TRS. For the years ended June 30, 2012 and June 30, 2011, the State of Illinois contribution rates as percentages of creditable earnings not paid from federal funds were 24.91 percent \$(965,155) and 23.10 percent \$(905,536) respectively.

The District makes other types of employer contributions directly to TRS:

- **2.2 formula contributions.**

Employers contributed 0.58 percent of total creditable earnings for the 2.2 formula change. This rate is specified by statute. Contributions for the year ended June 30, 2013 were \$21,010. Contributions for the years ended June 30, 2012 and June 30, 2011 were \$22,736 and \$23,071 respectively.

- **Federal and special trust fund contributions.**

When TRS members are paid from federal and special trust funds administered by the District, there is a statutory requirement for the District to pay an employer pension contribution from those funds. Under a policy adopted by the TRS Board of Trustees that was first effective in the fiscal year ended June 30, 2006, employer contributions for employees paid from federal and special trust funds will be the same as the state contribution rate to TRS.

For the year ended June 30, 2013, the employer pension contribution was 28.05 percent of salaries paid from federal and special trust funds. For the years ended June 30, 2012 and June 30, 2011, the employer contribution was 24.91 and 23.10 percent of salaries paid from federal and special trust funds, respectively. For the year ended June 30, 2013, salaries totaling \$54,291

Notes to Financial Statements

**(5) Retirement Fund Commitments (Continued)**

were paid from federal and special trust funds that required employer contributions of \$15,229. For the years ended June 30, 2012 and June 30, 2011, required District contributions were \$11,334 and \$16,752, respectively.

- **Early Retirement Option (ERO).**

The District is also required to make one-time employer contributions to TRS for members retiring under the Early Retirement Option (ERO). The payments vary depending on the age and salary of the member.

The maximum employer ERO contribution is 117.5 percent and applies when the member is age 55 at retirement.

For the year ended June 30, 2013, the District paid \$45,068 to TRS for employer contributions under the ERO program. For the year ended June 30, 2012 the District paid \$64,390 in employer ERO contributions. For the year ended June 30, 2011, the District had no retirements under the ERO program and paid \$0 in employer ERO contributions.

- **Salary increases over 6 percent and excess sick leave.**

If an employer grants salary increases over 6 percent and those salaries are used to calculate a retiree's final average salary, the employer makes a contribution to TRS. The contribution will cover the difference in actuarial cost of the benefit based on actual salary increases and the benefit based on salary increases of up to 6 percent.

For the year ended June 30, 2013, the District paid \$1,807 to TRS for employer contributions due on salary increases in excess of 6 percent. For the years ended June 30, 2012 and June 30, 2011, the District paid \$2,883 and \$0 to TRS for employer contributions due on salary increases in excess of 6 percent, respectively.

If an employer grants sick leave days in excess of the normal annual allotment and those days are used as TRS service credit, the employer makes a contribution to TRS. The contribution is based on the number of excess sick leave days used as a service credit, the highest salary rate reported by the granting employer during the four-year sick leave review period, and the TRS total normal cost rate (17.63 percent of salary during the year ended June 30, 2013).

Notes to Financial Statements

**(5) Retirement Fund Commitments (Continued)**

For the year ended June 30, 2013, the District paid \$0 to TRS for sick leave days granted in excess of the normal annual allotment. For the years ended June 30, 2012 and June 30, 2011, the District paid \$0 and \$0 in employer contributions granted for sick leave days, respectively.

**(b) Teacher Health Insurance Security (THIS) Fund**

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants may participate in the state administered participating provider option plan or choose from several managed care options.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. Effective July 1, 2012, in accordance with Executive Order 12-01, the plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the state to make a contribution to THIS Fund.

The percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

**(c) Illinois Municipal Retirement Fund Pension Plan**

*Plan Description.* The employer's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The employer plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at [www.imrf.org](http://www.imrf.org).

## Notes to Financial Statements

**(5) Retirement Fund Commitments (Continued)**

*Funding Policy.* As set by statute, your employer Regular plan members are required to contribute 4.50 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2012 was 12.13 percent. The employer also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

*Annual Pension Cost.* The required contribution for calendar year 2012 was \$121,405.

## Three-Year Trend Information for the Regular Plan

Calendar Year <u>Ending</u>	Annual Pension Cost (APC) <u>Cost (APC)</u>	Percentage of APC <u>Contributed</u>	Net Pension Obligation <u>Obligation</u>
12/31/2012	\$121,404	100%	\$ -
12/31/2011	115,023	81%	21,304
12/31/2010	113,443	75%	28,361

The required contribution for 2012 was determined as part of the December 31, 2010 actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2010, included (a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increases of 3% annually. The actuarial value of your employer Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The employer Regular plan's unfunded actuarial accrued liability at December 31, 2010 is being amortized as a level percentage of projected payroll on an open 30 year basis.

Notes to Financial Statements

**(5) Retirement Fund Commitments (Continued)**

*Funded Status and Funding Progress.* As of December 31, 2012, the most recent actuarial valuation date, the Regular plan was 77.28 percent funded. The actuarial accrued liability for benefits was \$2,674,475 and the actuarial value of assets was \$2,066,912, resulting in an underfunded actuarial accrued liability (UAAL) of \$607,563. The covered payroll for calendar year 2012 (annual payroll of active employees covered by the plan) was \$1,000,861 and the ratio of the UAAL to the covered payroll was 61 percent.

The schedule of funding progress, presented as other information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

**(d) Social Security**

Employees not qualifying for coverage under the Teachers' Retirement System of the State of Illinois or the Illinois Municipal Retirement Fund are considered "non-participating employees". These employees and those qualifying for coverage under the Illinois Municipal Retirement Fund are covered under Social Security. The District paid \$70,693, the total required contribution for the current fiscal year.

**(e) Medicare**

All employees, except certificated personnel hired prior to April 1, 1986, are covered under the Basic Hospital Insurance Plan provision of the medicare health insurance program. The District paid \$56,327, the total required contribution for the current fiscal year.

**(6) Fund Balance Reporting**

According to Government Accounting Standards, fund balances are to be classified into five major classifications: Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. The Regulatory Model, followed by the District, only reports Reserved and Unreserved Fund Balances. Below are definitions of the differences and a reconciliation of how these balances are reported.

## Notes to Financial Statements

**(6) Fund Balance Reporting (Continued)****(a) *Nonspendable Fund Balance***

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts. Due to the cash basis nature of the District, all such items are expensed at the time of purchase, so there is nothing to report for this classification.

**(b) *Restricted Fund Balance***

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Things such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specified purposes. The District has several revenue sources received within different funds that also fall into these categories –

**1. Special Education**

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

**2. Leasing Levy**

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenues received for this purpose, resulting in no restricted fund balance.

**3. State Grants**

Proceeds from state grants and the related expenditures have been included in the Educational, Transportation, and Municipal Retirement/Social Security Funds. At June 30, 2013, expenditures disbursed exceeded revenue received from state grants, resulting in no restricted balances.

Notes to Financial Statements

**(6) Fund Balance Reporting (Continued)**

4. Federal Grants

Proceeds from federal grants and the related expenditures have been included in the Educational, Transportation, and Municipal Retirement/- Social Security Funds. At June 30, 2013, revenue received from federal grants exceeded the expenditures disbursed for those specific purposes in the Educational Fund resulting in a restricted balance of \$1,400. This balance is included in the financial statements as Reserved in the Educational Fund.

5. IMRF/Social Security

Cash disbursed and the related cash receipts of these restricted tax levies are accounted for in the Municipal Retirement/Social Security Fund. Revenue received exceeded expenditures disbursed for these purposes, resulting in a restricted fund balance of \$0. For purposes of Regulatory reporting, the Social Security portion of the fund balance, \$0, will be classified as Reserved, and the Municipal Retirement portion of the tax levies, \$0, will be classified as Unreserved.

**(c) Committed Fund Balance**

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The School Board commits fund balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Employee contracts for services rendered during the school year for employees electing twelve month pay schedules are recorded as disbursements in the fiscal year when such checks are drawn. At June 30, 2013, the total amount of unpaid contracts for services performed during the fiscal year ended June 30, 2013 amounted to \$412,722. This amount is shown as Unreserved in the Educational Fund.

Notes to Financial Statements

**(6) Fund Balance Reporting (Continued)**

**(d) *Assigned Fund Balance***

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by (a) the School Board itself or (b) the finance committee or by the Superintendent when the School Board has delegated the authority to assign amounts to be used for specific purposes.

**(e) *Unassigned Fund Balance***

The unassigned fund balance classification is the residual classification for amounts in the General Operating Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Funds. Unassigned Fund Balance amounts are shown in the financial statements as Unreserved Fund Balances in the Educational, Operations and Maintenance, and Working Cash Funds.

**(f) *Regulatory – Fund Balance Definitions***

Reserved Fund Balances are those balances that are reserved for a specific purpose, other than the regular purpose of any given fund. Unreserved Fund Balances are all balances that are not reserved for a specific purpose other than the specified purpose of a fund.

**(g) *Reconciliation of Fund Balance Reporting***

The first five columns of the following table represent Fund Balance Reporting according to generally accepted accounting principles. The last two columns represent Fund Balance Reporting under the regulatory basis of accounting utilized in preparation of the financial statements.

## Notes to Financial Statements

### (16) Contingencies

The District has received funding from state and federal grants in the current and prior years, which are subject to audits by the granting agencies. The School Board believes any adjustments that may arise from these audits will be insignificant to District operations.

### (17) Subsequent Events

Subsequent events are events or transactions that occur after the balance sheet date but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at the date of the balance sheet, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at the date of the balance sheet but arose after that date (that is, non-recognized subsequent events).

The District has evaluated subsequent events through October 19, 2013, which was the date that these financial statements were available for issuance, and determined that there were no significant non-recognized subsequent events through that date, except as noted below:

#### **Bus Lease/Purchase Obligation**

The District entered into a five year lease/purchase agreement with a local financial institution for two 2013 71 passenger school buses which became effective July 3, 2013. The principal amount of the lease is \$124,916. The lease requires annual payments of \$26,055, due August 23 of each consecutive year.

The future lease payments are as follows:

Fiscal year ending June 30,	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2014	\$ 25,706	\$ 349	\$ 26,055
2015	24,071	1,984	26,055

Eastland Community Unit School District No. 308:

We have audited the financial statements of Eastland Community Unit School District No. 308 for the year ended June 30, 2013 and have issued our report thereon dated October 19, 2013. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility Under U.S. Generally Accepted Auditing Standards and *Government Auditing Standards*

As stated in the engagement letter dated July 9, 2013, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with the cash basis of accounting and regulatory provisions prescribed by the Illinois State Board of Education, which is a comprehensive basis of accounting other than, and differs from, accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your responsibilities.

Our responsibility for the supplementary information accompanying the financial statements, as described by professional standards, is to evaluate the presentation of the supplementary information in relation to the financial statements as a whole and to report on whether the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Our responsibility is also to plan and perform our audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement. Because an audit is designed to provide reasonable, but not absolute, assurance and because we did not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us.

As part of our audit, we considered the internal control of Eastland Community Unit School District No. 308. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of Eastland Community Unit School District No. 308's compliance with certain provisions of laws, regulations, contracts, and grants. However, the objective of our tests was not to provide an opinion on compliance with such provisions.

## Other Information in Documents Containing Audited Financial Statements

The auditor's responsibility for other information in documents containing audited financial statements does not extend beyond the financial information identified in our report, and we have no obligation to perform any procedures to corroborate other information contained in a document. Our responsibility is to read the other information and consider whether such information, or the manner of its presentation, is materially inconsistent with information, or the manner of its presentation, appearing in the financial statements. We are not aware of any documents or other information containing audited financial statements, and furthermore management has not requested us to devote attention to any documents containing audited financial statements.

## Significant Audit Findings

### *Qualitative Aspects of Accounting Practices*

Management is responsible for selection and use of appropriate accounting policies. The significant accounting policies used by Eastland Community Unit School District No. 308 are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the fiscal year. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent, and clear.

### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. These adjustments are attached to this letter.

The following material misstatements detected as a result of audit procedures were corrected by management:

- Adjustment in the amount of \$220,102 to record capital leases for buses.
- Adjustment in the amount of \$58,079 to reclass Pre-K expenses to the proper accounts.
- Adjustment in the amount of \$74,580 to reclass expenditures into capital outlay.

#### *Disagreements with Management*

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

#### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated October 19, 2013.

#### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

#### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

#### *Internal Control Matters*

In planning and performing our audit of the financial statements of Eastland Community Unit School District No. 308 as of and for the year ended June 30, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered Eastland Community Unit School District No. 308's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not

for the purpose of expressing an opinion on the effectiveness of the Eastland Community Unit School District No. 308's internal control. Accordingly, we do not express an opinion on the effectiveness of the Eastland Community Unit School District No. 308's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in Eastland Community Unit School District No. 308's internal control to be significant deficiencies:

Material adjustments were required to record capital leases and capital outlay and to reclass Pre-K transportation expenses. The District has responded that Management will review the general ledger periodically to identify possible misclassifications and proper recording of lease transactions.

#### *Other Matters*

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the cash basis of accounting and regulatory provisions prescribed by the Illinois State Board of Education, which is a comprehensive basis of accounting other than, and differs from, accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

\* \* \* \* \*

We have attached to this letter our summary of comments and recommendations as a result of our procedures.

This information is intended solely for the use of the Board of Education, management, others within the organization, the Illinois State Board of Education, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

**Eastland Community Unit School District No. 308**  
**Letter of Comments**  
**June 30, 2013**

1. Cafeteria sales collection, recording, completing deposit tickets and taking the deposit to the bank have all been completed by one aide. In order to have a proper segregation of duties, these functions should be assigned to more than one person.
2. During testing of activity funds, some inconsistencies were noted between the buildings when it came to receipt documentation and payment request approval. We recommend the entire District use the standard form used by the High School to record funds received (checks and cash) and require the secretary/principal handling those funds to recount and initial the form. We also recommend the District use a standard payment request form that is approved by the building principals.
3. Activity funds for athletic tournaments include payments to District personnel for various duties performed during the tournaments, which is allowed. However, these payments are not being included through the District's payroll system. All payments to District personnel should be captured and reported in the payroll system. Also, if the District is making payments to officials, for instance, and the activity fund is also making payments to those individuals, there needs to be a procedures for capturing all of these payments for proper 1099 reporting.
4. The District needs to monitor purchases of capital outlay and Pre-K transportation expenses to ensure these expenses are posted in the proper accounts. These expenses are excluded from the calculation of "Operating Expense Per Pupil" (OEPP) as detailed on page 28 of the AFR and failure to properly account for these expenditures results in an incorrect OEPP.

3	<p><b>Instructions:</b> If the Annual Financial Report (AFR) reflects that a "deficit reduction plan" is required as calculated below, then the school district is to complete the "deficit reduction plan" in the annual budget and submit the plan to Illinois State Board of Education (ISBE) within 30 days after accepting the audit report. This may require the FY2013 annual budget to be amended to include a "deficit reduction plan" and narrative.</p>							
4	<p>The "deficit reduction plan" is developed using ISBE guidelines and format in the School District Budget Form 50-36. A plan is required when the operating funds listed below result in direct revenues (line 7) being less than direct expenditures (line 8) by an amount equal to or greater than one-third (1/3) of the ending fund balance (line 10). That is, if the ending fund balance is less than three times the deficit spending, the district must adopt and submit an original budget/amended budget with ISBE that provides a "deficit reduction plan" to balance the shortfall within the next three years.</p>

**GENERAL INFORMATION**

- ☐ 1. **Signed** copies of audit opinion letters have been included with audit package submitted to ISBE.
- ☐ 2. All opinion letters use the **most current audit language** as mandated in SAS 115/SAS 117 and other pronouncements.

- For those forms that are not applicable, "N/A" or similar language has been indicated.

## SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

[illegible]

- (M) Program was audited as a major program as defined by OMB Circular A-133.

**The accompanying notes are an integral part of this schedule.**

<sup>1</sup> To meet state or other requirements, auditees may decide to include certain nonfederal awards (for example, state awards) in this schedule. If such nonfederal data are presented, they should be segregated and clearly designated as nonfederal. The title of the schedule should also be modified to indicate that nonfederal awards are included.

<sup>2</sup> When the CFDA number is not available, the auditee should indicate that the CFDA number is not available and include in the schedule the program's name and, if applicable, other identifying number.

<sup>3</sup> When awards are received as a subrecipient, the identifying number assigned by the pass-through entity should be included in the schedule.

<sup>4</sup> Circular A-133 requires that the value of federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year end be included in either the schedule or a note to the schedule. Although it is not required, Circular A-133 states that it is preferable to present this information in the schedule (versus the notes to the schedule). If the auditee presents non-cash assistance in the notes to the schedule, the auditor should be aware that such amounts must still be included in part III of the data collection form.

### Note 1: Basis of Presentation<sup>5</sup>

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of [Entity #XYZ] and is presented on the [Identify Basis of Accounting]. The information in this schedule is presented in accordance with the requirements of Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the [General-Purpose or Basic] financial statements.

### Note 2: Subrecipients<sup>6</sup>

Of the federal expenditures presented in the schedule, [Entity #XYZ] provided federal awards to subrecipients as follows:

[illegible]

<sup>5</sup> This note is included to meet the Circular A-133 requirement that the schedule include notes that describe the significant accounting policies used in preparing the schedule.

6 Circular A-133 requires the schedule of expenditures of federal awards to include, to the extent practical, an identification of the total amount provided to subrecipients, from each federal program. Although this example includes the required subrecipie information in the notes to the schedule, the information may be included on the face of the schedule as a separate column or section, if that is preferred by the auditee.

<sup>11</sup> A suggested format for assigning reference numbers is to use the last two digits of the fiscal year being audited followed by a numeric sequence of findings. For example, findings identified and reported in the audit of fiscal year 2003 would be assigned a reference number of 02-01, 02-02, etc.

<sup>12</sup> Provide sufficient information for judging the prevalence and consequences of the finding, such as relation to universe of costs and/or number of items examined and quantification of audit findings in dollars.

<sup>13</sup> See paragraphs 5.18 through 5.20 and 7.38 through 7.42 of Government Auditing Standards for additional guidance on reporting management's response.
